

## **Newsletter #05** (Dec 2012)

**Seasons Greetings to you all from the *AMRA 2013* team.....**

Just to let you all know that we have been getting a good number of registrations coming in so it looks like it is going to be a very well attended *AMRA 2013*. The onsite accommodation is proving to be popular too!

We predict registrations will start flowing in fast in the New Year. So while we still have registration spaces and rooms still available they are going fast so don't delay for too long.

In the meantime here's a couple of Northern hemisphere "Christmas" railroad pictures.... Winter has come to Chris Martin's Pacific-North-Western shortline Railroad but hopefully the snow will have melted by the *AMRA 2013* layout tours.

*It's a cold one up at the old log-loader siding on the Silver Mountain Railroad! SMRR Shay #5 is coupled up and ready to back out onto the "mainline" with a short string of log cars. They tend to keep the loaded trains a bit shorter in tricky conditions like this.*

*With light snow already on the ground and a big dumping on the way the Bay County Terminals RR crew has the Jordan spreader already set up behind one of the roads GP18 road switchers. Snow clearing in the Port of Weatherby yard is one of the regular winter chores for BCT crews.*

So fill in your registration and send it to us ASAP so we can lock-in your *AMRA 2013* spot! Feel free to copy the registration form and pass onto anyone you think would like one.

**Queens Birthday Weekend Friday 31 May – Monday 3 June 2013**
