

## **Newsletter #06** (March 2013)

It's really taken while for us all to get over the new year break and the amazing summer weather has been a major distraction too – hence the lapse in our e-newsletter issues! A bit overdue but here we are.....Can't believe it's now March already!

We've been getting a steady flow of registrations coming in for **AMRA 2013** after a bit of a surge straight after New Year. The interest in this one is very pleasing – it will be a sell-out. There are still spaces left but they are being taken up. We still have some on site accommodation available – worth getting a roomie sorted to share the cost. Could be handy for those late night sessions – no need to drive home after a good time.....

We have limited the number of attendees due to physical constraints so once we've had a sell-out that will be it – no more! So fill in your registration form and send it to us ASAP so we can lock-in your **AMRA 2013** spot! Feel free to copy the registration form and pass onto anyone you think would like one.

In the meantime here's some pictures of the Bay County Terminals short-line that will be one of the layouts on the layout tours at **AMRA 2013**.

*A quiet moment for the ship's crew to have a bit of a break while a BCT MP15DC shoves a rake of tank cars onto the MV Bay Princess rail ferry at the Port of Weatherby terminal.*

*The seaside container terminal at the Port of Weatherby is always a busy place. Road-Rail-Sea intermodal shipping is a significant feature of the Bay County Terminals operations.*

**Queens Birthday Weekend Friday 31 May – Monday 3 June 2013**
