

GROW 2011 Garden Railway Convention Update #6

Hall's booked, catering's all confirmed, the polo shirts are ordered, Goodie bags being packed as we speak, so where the bloody hell are ya?

Not long to go now, we are still receiving registration forms as I type this (mid February) so the show is still getting bigger. Unfortunately the close off for Polo shirts has passed and the orders have gone in, but late orders can of course still be taken but they just won't be ready for the Convention. Don't forget that in your bags will be, amongst other stuff, voting forms for the competitions and these will need to be filled in on Saturday while at the venue and returned to the ballot box before dinner ready for the prize giving between dinner and desert. Yes, I said desert, Pavlova anyone? Oh, we have organised a BYO arrangement for dinner too, so please, BYO!!

Last month in the **Garden Whistle** Glen kindly included a map and directions to the venue, and we said the doors will be open by 8:30am. This is still the case but even better, we hope to have the keys on Friday afternoon and will probably be there setting up. If you arrive early we could certainly do with a little help as there is the Auckland Modular layout to erect as well as the steam loop, and of course practise runs on the Gravity track! Not to mention tables and display space to sort out. Please give us a call on Friday night if you are in the area and at a loose end, and we'll let you know where we are at! Call us on 021 1900 101.

Our last Get-together was at Geoff's place, and yes it is on the list of garden railway tour's, so here's a couple of pictures to let you know what to expect.

You had better be here or you'll miss out on the best little Garden Railway Convention for all of 2011. See you all in a few weeks right here in the sunny, green Waikato!!
